9/26: Picture Day

9/28: Open House- Parents
Only

AM Class- 6:00-7:00 PM

PM Class- 7:30-8:30 PM

Please come to learn all
about the Kindergarten
Curriculum!

Dear Parents/Guardians:

I am amazed and so pleased with your children. We had an awesome two weeks of Kindergarten! I am so excited to begin our Kindergarten journey together!

We have been learning a lot about class rules and good manners. The students are trying their best to follow our CUBS Rules and show their "magic" all day long! Ask them to share what they learned about 1, 2, 3, Magic!

Did you know that your children are able to find their seat, unpack their folder and snack, and hang up their belongings in their cubbies? They can also settle in and start their daily activity. Last but not least, they are able to pack up their belongings and wait quietly at dismissal time. This is a huge accomplishment and many of these organizational skills will come with time and practice; however, I feel they are important and something that will help them as they begin their school journey!

Your children are adjusting extremely well to our classroom family and the Early Learning Center.

We have been practicing healthy routines as well! We always wash our hands at every bathroom visit and before snack time!

Thank you for your cooperation and support!

Way to go Room 123!

Sincerely,
Mrs. Rotonda

Language Arts:

We have listened to many great books these past two weeks. We have learned about the front cover, back cover, author, and illustrator. We have also watched some books on our smart board.

Books We've Read:

- *Miss Bindergarten Gets Ready for Kindergarten*
- *Know and Follow Rules*
- *I'm Your Bus*
- *Chicka Chicka Boom Boom*
- *Listen Buddy!*
- *Booming Bella*

We have learned the letters *t*, *f*, and *b*. Please be sure to read all Foundations Newsletters and Homework that are sent home each Friday. These activities are great practice and a review of the skills we learned throughout the week. **You do not need to return these to school.**

Math:

We are practicing counting 1 and 2 objects and writing the numerals 1 and 2. We have been exploring the concept of same and different. The Math in Focus School to Home Connection letter will be sent home in your child's folder at the beginning of each new chapter.

Please don't hesitate to email, write a note, or call if you have any concerns or questions. My email address is:

Rotondab@pasd.com

Please have your child practice writing their first name at home.
